

Article information

Electrical characteristics

Lifespan	100.000 hours
Color temperature	4000 k
Light intensity (work lamp)	1512 lumen
Illumination (emergency)	3 lux op 2,5 mtr
Burning time (emergency) full supercap	90 minutes
Burning time (emergency) 10 min. charging	30 minutes
Battery	supercapacitor
Power	12 Watt
Suply voltage	42, 48, 110 & 230 Volt
Contact plug/coupler	Kontourenstekker of CEE
Max. ambient temperature	- 30 °C tot + 50 °C
Power factor	>0,9
CRI_Ra	50 Hz/60 Hz

Product information

Product name	Emergency lighting Boucle
Degree of protection	IP44
Impact resistant	IK10
Tube material	Polycarbonaat
Taterial cap end ring	PA6 Nylon

No more batteries

Dimensions/weight

Length	400 mm
Weight (excl. cable)	1 Kilogram
Tube diameter	110 mm

Article numbers

42 Volt AC	40204212
48 Volt AC	40204812
110 Volt AC	40211012
115 Volt AC	40211512
230 Volt AC	40223012

Color cap and ring in consultation, standard black
